**Summary of Telephone Interview with Examiner**

Applicant's representative Jessamine Lee, Reg. No.: 61,674 thanks Patent Examiner Randy Boyer for a telephone interview conducted on November 17, 2009. The Examiner telephoned Applicant's representative to discuss claims 24-27. The Examiner pointed out that claims 24-27 recited units that were in meters instead of microns. The Examiner suggested that the Applicant file a Supplemental Amendment with those changes. The Examiner and Applicant's representative also discussed whether the Patent Office had made a decision with respect to potentially interfering subject matter between the instant application and U.S. Patent No. 7,220,345.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 23/2825 under Docket No. H0498.70190US00 from which the undersigned is authorized to draw.
